

BUSINESS SALES ANALYSIS DASHBOARD

INTERACTIVE SALES DASHBOARD USING EXCEL,
PIVOT TABLES, PIVOT CHARTS AND SLICERS

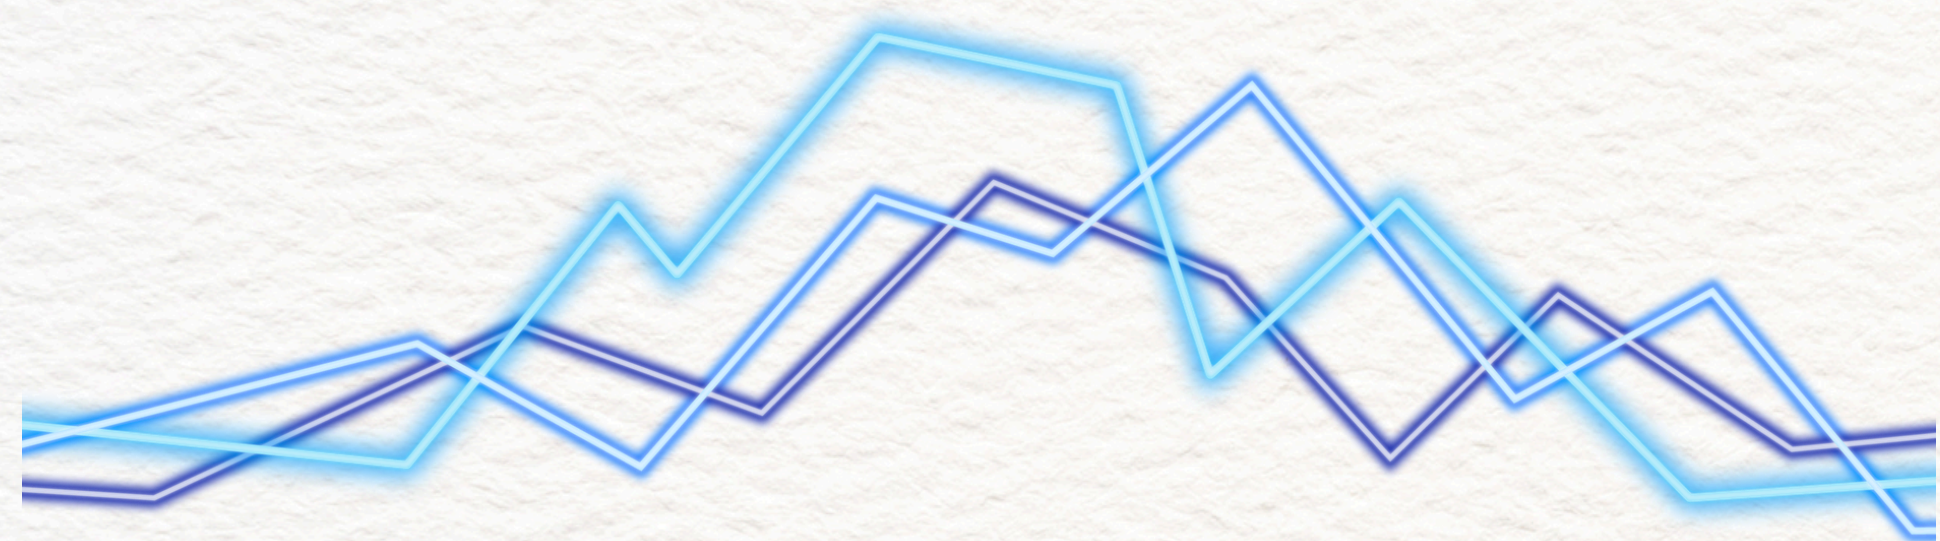

PROJECT OVERVIEW

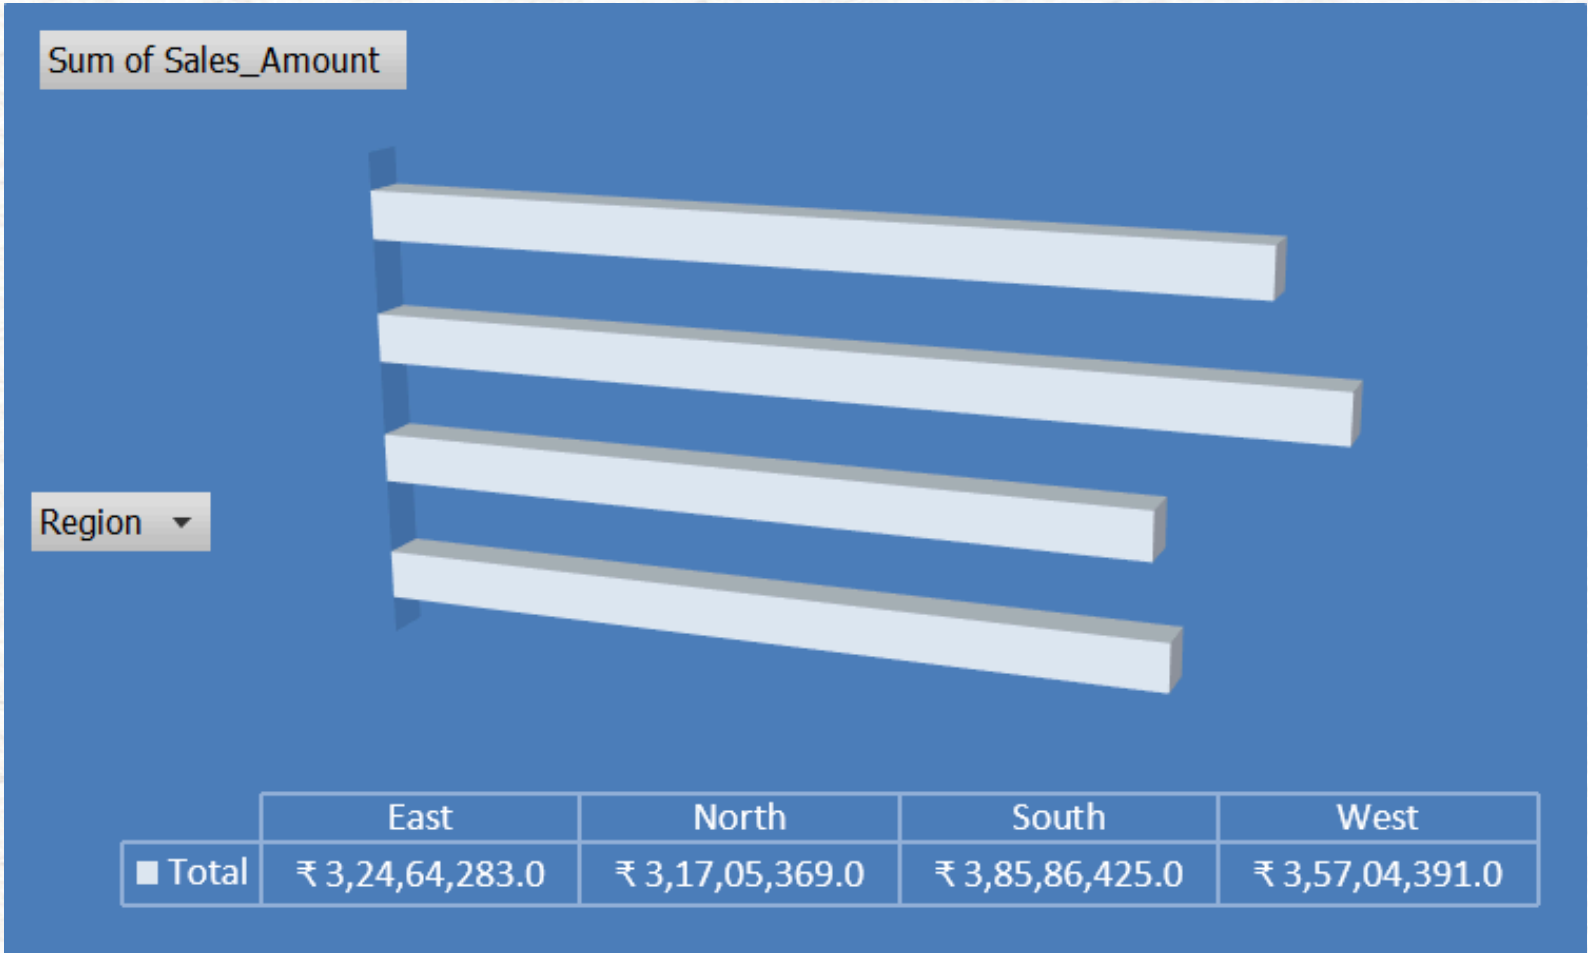

- Developed an interactive Business Sales Analysis Dashboard using Microsoft Excel.
- Analyzed 1000+ sales records to identify key business insights.
- Utilized Pivot Tables, Pivot Charts, and Slicers for data analysis and visualization.
- Evaluated regional sales performance, product profitability, and salesperson effectiveness.
- Analyzed monthly sales trends and payment mode distribution to support decision-making.
- Created a dynamic dashboard for efficient reporting and business performance monitoring.
